## Handbook of Brand Relationships

Edited by

**Deborah J. MacInnis, C. Whan Park, and  
Joseph R. Priester**, all, University of Southern California

*Sponsored by the Society for Consumer Psychology*

2009 • 448 pp. • Tables, figures, references, name index, subject index.

HC: 978-0-7656-2357-7 List \$94.95 \*SCP Discount Price: \$66.46

Brand relationships are critical because they can enhance company profitability by lowering customer acquisition and retention costs. This is the first serious academic book to offer a psychological perspective on the meaning of and basis for brand relationships, as well as their effects.

The *Handbook of Brand Relationships* includes chapters by well-known marketing and psychology scholars on topics related to the meaning, significance, and measurement of brand relationships; the critical connections between consumers and the brand; how brand relationships are formed through both thoughtful and non-thoughtful processes; and how they are built, repaired, and leveraged through brand extensions.

**“Provides thoughtful, penetrating insights** from a diverse variety of perspectives by some of the very best academics in the business.”

—**Kevin Lane Keller**, *Dartmouth College*

**“An important read for those interested in the topic of brand attachment.** Chapter authors represent the leading researchers in consumer psychology and branding, and they all offer fresh insights about consumer-brand connections.”

—**Barbara Loken**, *University of Minnesota*

Strong Brand Relationships

Part V. Conclusions and Research Directions

### Cracking the Code

*Leveraging Consumer Psychology to Drive Profitability*

Steven S. Posavac, Ed.

"This book gleans pearls of wisdom for marketing practitioners from key cumulative findings of academic research. It truly bridges the gap between the academic research of consumer psychologists and the applications of marketing practitioners."

— C. W. Park, University of Southern California

2011 • 344 pp. • Tables, figures, references, index.
